LIGHT

FIREFLY

The magical property of bioluminescence is the inspiration of the *Firefly* collection. Cordless table lamps with a rechargeable battery and LED lighting autonomy.

Porcelain lithophane screens let the light pass through, emitting an intense and warm glow, perfect for illuminating in & outdoor spaces.

D O M E

A powerfull dragon, goldfish swimming through the waves, delicate embroidery, wicker craftsmanship...

Inspiring designs brought to life through the new *Dome* cordless lamps.

-
- With LED system and rechargeable battery, its warm, subtle light, is perfect for indoor and outdoor environments.

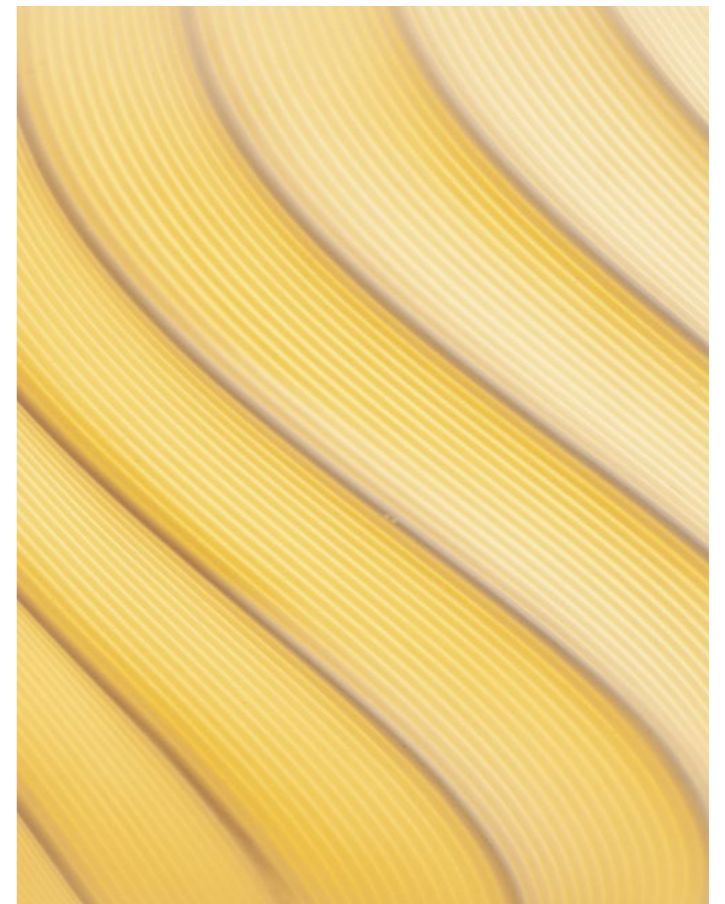

ICE CREAM

The creamy memory of an ice cream is captured in an eternal swirl with this stunning *Ice Cream* lamp. Its translucent matte white porcelain surface invites to the touch, while its sweet melting lines are bathed in a warm and golden glow.

● Reminiscent of a traditional paper lantern with a twist, the *Ice Cream* lamp can be used as a table lamp or hung to create a pendant version. The steel base with golden finish marries perfectly with a pink, blue, black or natural leather cover that extends to the lamp's top handle.

The lamps are made in matte white porcelain and have a LED light inside. Thanks to the translucent quality of porcelain, when the light is switched on, the subtle smooth lines etched by hand on the surface are brought out.

The front of the base has a gilded plate with the Lladró flower logo which acts as the touch switch for the lamp and a dimmer to regulate the intensity of the light.

Each and every *Ice Cream* comes with, a rechargeable battery, USB port and cable, making them as versatile as they are beautiful.

LITHOPHANES

Light and craftsmanship come together to create cozy atmospheres in this collection of lithophanes. Their hand-engraved designs are revealed through translucent porcelain, emitting a magical and suggestive effect.

CAMPANELLA

Grey, navy blue and mustard yellow are the chosen colors for the first three candles and the first three diffusers in the *Campanella* collection, inspired by ancient Japanese lacquer boxes. *Urushi-nuri* (漆塗), means covered with lacquer, and is used to name objects, decorated with different techniques, which are covered with the salvia taken from the lacquer tree to enhance the intensity of their finishes and also their resistance.

This age-old technique is the starting point for this collection with motifs etched by hand that represent the ripples produced when a drop of water falls on the still surface of a pond. The etchings are protected forever by the application on the porcelain of a layer of varnish that provides the glossy finish.

Objects that speak to us of ancestral traditions matched with exquisite fragrances.

• FLEURS

Fleurs is the name of this collection of candles and perfume diffusers that recreate the geometric decomposition of a flower with refined, formal brushstrokes. The ornamental work covering each recipient is made up of 8 curved fragments that represent flower petals.

Once again, nature and aromas find the perfect form of unique expression in porcelain.

LUXURIOUS ANIMALS

Luxurious Animals celebrates the fascinating world of animals and their infinite variety in porcelain containers on which different animals have been meticulously etched by hand.

The collection begins with a beetle, a snake and a lynx, each one with its perfume and available both as a candle and a liquid diffuser.

TIMELESS

● The *Timeless* collection is inspired by fragrances that have the ability to transport us to another place, to convey the sensation of being at home, of strolling along the seashore or in a flower garden. *Timeless* is based on those fragrances that seem to put time on hold, home fragrances in delicately ornamented porcelain containers. Four fragrances are available in candles with 270 g of natural wax or in 100 ml liquid diffusers.

CORAL

Inspired by the beauty of Coral Reefs, this collection interprets them from two different points of view, combining a realist and a conceptual perspective to create new objects for the home. A twofold treatment that gives rise to truly unique and contemporary creations.

The fragrance of candle and liquid perfume diffuser is *Mediterranean Beach*, a scent with hints of pink peppercorn and lemon and base notes of amber, vanilla and moss.

ECHOES OF NATURE

Capturing the fragrances of the natural world has always been a dream of mankind. With the Echoes of Nature collection, the dream comes true.

Echoes of Nature is inspired by the evocative power of the aromas that we find in nature. The collection includes seven candles, each one with a unique fragrance. They combine their exclusive scents with elaborate porcelain covers that, besides protecting the natural wax in them, are etched and handpainted with patterns and colors, each one a metaphor of the aroma treasured inside.

Unbreakable spirit

An exotic scent of bergamont, cardamom and musk that transports us to a dreamed-of paradise. The essence of freedom.

Sweet memories

I love you, mom

A floral aroma with notes of vanilla, honey and red fruits that inspire everlasting feelings. Sweet as an embrace.

A secret orient

A spicy aroma with notes of patchouli and an exotic touch of oud wood. The essence of the journey you've always dreamed of.

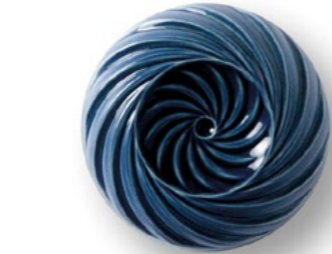

Tropical blossoms

A floral perfume of Italian mandarin and frangipani with the tropical fragrance of benjoin. An invitation to escape the ordinary.

On the prairie.

A fresh fragrance of bergamot,
basil, thyme and vetiver.
An olfactory walk through
a meadow full of flowers
and aromatic herbs.

ICE CREAM

The *Ice Cream* collection, inspired by the wavy rhythms of a smooth creamy ice cream, grows with two new candleholders and a diffuser.

Handcrafted in white matte porcelain and decorated with a metal cover, the candles contain natural wax perfume with *Vanilla* scent and the diffuser contains a transparent glass bottle with 200ml of *Gardens of Valencia* essence and six 20cm long diffuser reeds.

RITUAL MIRAGE

Mirage collection includes one candle holder with a pack of three different candles and one liquid diffuser with six optional perfumes.

Handcrafted in white matte porcelain both are decorated with golden luster and etchings that evoke flames of fire and their constant flickering.

RITUAL MIRAGE

• BOLETUS

Boletus Fragrans is the latest addition to the family of liquid diffusers made with a specific and more porous Lladró porcelain, ideal for the diffusion of perfumes and fragrances with excellent olfactory restitution. The brilliance of golden luster is combined with white matte porcelain in these original mushrooms; three different species of these little gems hidden in forest.

By pouring a few drops of perfume on their bases, the diffusers expand and fill the air with the perfumes *On the Praire*, *Night Approaches* and *Gardens of Valencia*, respectively.

Bamboo, cassis, jasmine, wood... Simply by pouring the scent on their bases, these original diffusers will impregnate the atmosphere with the best aromas. *Cactus*, a collection of liquid diffusers entirely handcrafted in porcelain, is an homage to these plants of fascinating curves that combine the resistance of thorns with the fragility of beautiful flowers.

CACTUS

Water the cactus with fragrance and it will perfume your home.

• 1001 LIGHTS

Inspired by the
legendary stories
in One Thousand
and One Nights...

With the 1001 Lights collection light and scent come together in a very special way. Candles in poetic containers made in translucent porcelain that bring the warmest light through the patterns etched by hand on its surface, producing a magical effect and transporting us to a world of fantasy.

The aromatic candles in this collection are presented in a unique perfume, *Unbreakable Spirit*. An exotic scent that contains a 15% of perfume, a specially high percentage in candles in their category comparable to l'eau de parfum in fragrances.

Unbreakable spirit

An exotic scent of bergamont, cardamom and musk that transports us to a dreamed-of paradise. The essence of freedom.

1001 LIGHTS

Crowned with geometrical pinnacles decorated with 22-carat gold luster, applied using a complex artisan technique, these candles will make you feel and smell the light.

The different designs in this collection can be combined to create harmonious and attractive scenes.

1001 Lights is available in two color palettes, blue & iridescent red.

Night approaches

An exclusive fragrance with very special ingredients like blackcurrant, lotus flower and frankincense. The magic of the night and the full moon.

PARADISE

The ornamentation of these beautiful home fragrances, available in different sizes, is inspired by the personal style of the famous painter. All of them contain a scented candle with the *Gardens of Valencia* fragrance, with citric notes and a fruity aroma with bergamot, tuberose, sandalwood and musk.

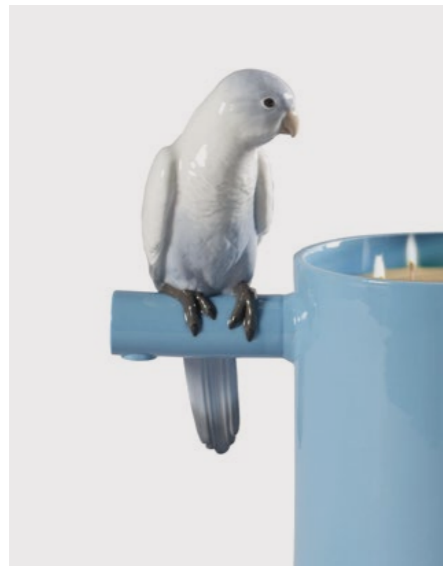

Porcelain candleholders inspired by the work of the celebrated French artist Henri Rousseau and his unmistakable way of representing the forms of nature.

PARROT TREASURE

The family grows.

At *The Parrot Party* collection the refined forms of the candle holders contrast with the minute plumage of the birds. These poetic containers are available in three different colors and one aroma; *On the Prairie*.

Beauty and functionality in a perfect harmony.

GOLDEN SHADOW

Candles made in translucent porcelain that provides a warm light filtered through the patterns etched by hand on its surface, producing a magical effect and transporting us to worlds of fantasy.

These candle holders contain 350 g of natural scented wax.

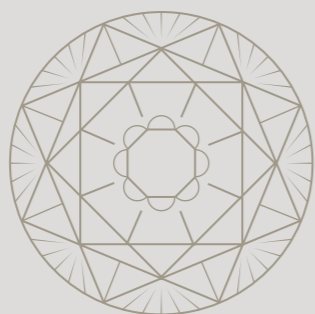

Creations combining functionality and decorative beauty.

HEAVENLY DREAMS

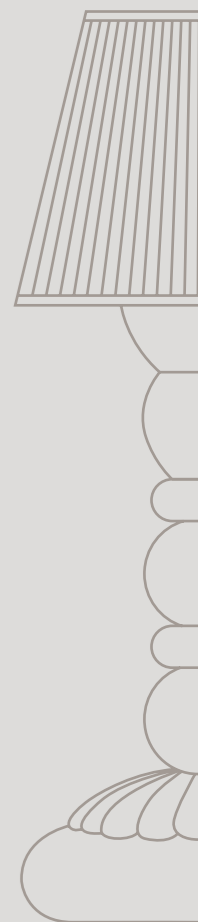

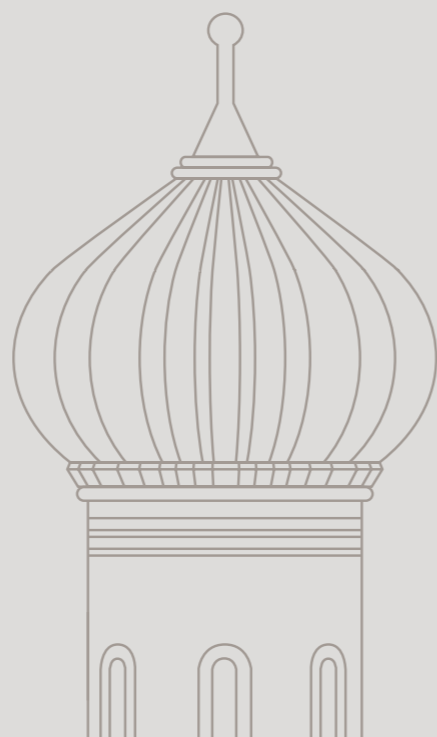

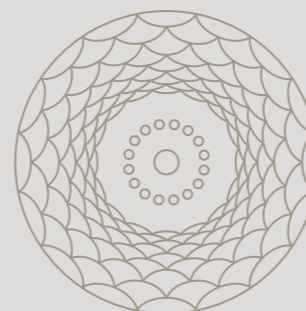

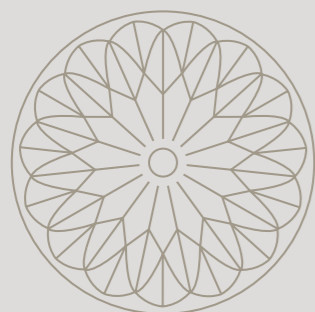

A sweet angel, one of the most famous images from Lladró's iconography, is the common motif of the evocative fragrances collection Heavenly Dreams, inducing a state of harmony, relaxation and joy. Candles and liquid diffusers are available in eight fragrances.
