Petals at Nightfall

Quietly they bloom and grow, the flowers of the night... The spectacular collection of porcelain lamps by world renowned Dutch design studio **Marcel Wanders** celebrates the delicate dance of unfurling petals and the blissful beauty of nature itself.

Each and every petal of the pendant, desk, wall and floor lamps have been purposefully positioned to take full advantage of the collection's LED light technology to create a glowing colorgradient from the inside out.

With the *Nightbloom* collection, **Lladró's team of artists and technicians**, have demonstrated once again its consummate control over porcelain, successfully overcoming the challenge of transforming fantasy into a timeless, contemporary and unforgettable collection.

“The alchemy with Lladró comes from our shared philosophy: we do not indulge in anything superfluous; we don’t launch an uncontrolled flow of objects onto the market; we prefer to create a unique design that marks the difference”. By Marcel Wanders
